

SONY

XBR-55X700D

55" class (54.6" diag) 4K Ultra HD TV

Upgrade to the stunning clarity and detail of 4K¹. Android™ TV²³ opens a world of entertainment and connectivity¹, while every scene comes to life with the power of 4K X-Reality Pro™. See everything upscaled to impressive 4K Ultra HD with enhanced color, deeper blacks and dramatic brightness. It's a whole new way to watch.

Bullets

- Immerse yourself in the world of 4K¹.
- Enjoy HDR video.
- HD is upscaled to impressive 4K Ultra HD¹.
- Dramatic brightness and black levels.
- Optimized colors with Precision Color Mapping.
- Android™ TV with Google Cast™, voice search & Play Store apps^{2,3}.
- Home automation controlled directly from your TV.
- Send entertainment from your smartphone to you TV with Google Cast™²³.
- Enjoy thousands of apps from Google Play™^{2,3}.

Features

The world of 4K in front of you

Take your viewing into an exciting new era. 4K images contain over 8 million individual pixels — that's four times more detail than Full HD. Immerse yourself in 4K movies and dramas from a huge choice of 4K content today. And since this new Sony 4K Ultra HD TV is also compatible with future 4K standards, you are ready for any new changes too.

Enjoy HDR Video

High Dynamic Range (HDR) will change the way you look at TV. Combined with 4K Ultra HD resolution¹, HDR video content delivers exceptional detail, color and contrast, with a far wider range of brightness than other video formats. The result is the most lifelike picture TVs have ever been able to create, with brilliant highlights and fine detail (update required for HDR compatibility).

Motionflow™ keeps the action smooth

TV that keeps up with real life. Sony's refresh rate technology Motionflow™ XR allows fast moving action sequences in sports and movies to be seen with lifelike clarity.

Every scene looks more realistic.

Discover a thrilling world of extraordinary clarity. Every single pixel is enhanced beautifully by our most powerful 4K picture processing technology ever. Individual parts of each scene are analyzed and matched with a special image database that independently addresses texture, contrast, color, and edges. The difference is clear with supremely lifelike detail, no matter what you're watching.

Improved contrast.

Thanks to Dynamic Contrast Enhancer, experience more life, more texture and more energy in every scene with brighter highlights, deeper blacks, and more natural tonal gradation.

Every color, enhanced

SONY

Precision Color Mapping independently analyzes every scene and pixel so the perfect shade and tone are applied dynamically for rich, natural colors.

A world of possibilities

Find all the entertainment you can dream of, faster than ever. From movies and TV shows to thousands of apps, Sony's Android™ TV brings you everything in an instant^{2,3}.

Just say what you want

Spend less time browsing, and more time watching. Using a compatible smartphone or optional Voice Remote, Voice search on Android TV™ provides you with the power of Google search, allowing you to find content across different services without the hassle of time-consuming text entry^{2,3}.

Send to a bigger, better screen with Google Cast™

Send movies and music from your smartphone to your TV with Google Cast™. Use your phone as a remote control^{2,3}.

Smart home automation

Beyond streaming content, Sony's Android™ TV platform allows Home Automation control directly from the TV, via the Logitech Harmony Hub. IoT (internet of things) devices such as lights, thermostats, Blu-ray™ players, security cameras other home entertainment devices can be controlled and automated via the push of a button on the TV's remote.

Your favorite apps, on your TV

Enjoy a huge range of apps from Google Play™, including YouTube™, Netflix, Amazon Video, Hulu, Pandora and more. Also, play your favorite Android games on the big screen^{2,3}.

Find everything fast

The unobtrusive content bar quickly lets you find the movie, TV show or video you're looking for. Call up the Content bar and you can keep watching, while you scan through live TV, videos on demand, downloaded TV shows and much more². You can even customize the content bar to show you the content you go to most often first.

Optional Accessories	
Optional Accessories	Voice Remote Control (RMF-TX200U) Wireless Subwoofer (SWF-BR100)

1. 3,840 x 2,160 pixels.

2. Broadband speed of at least 2.5 Mbps recommended for SD services, 10 Mbps for HD streaming or 4K downloads, 20 Mbps for 4K Ultra HD streaming. Wireless connectivity requires 802.11 home network (802.11n recommended). Network services, content, and the operating system and software of this Product may be subject to individual terms and conditions and changed, interrupted or discontinued at any time and may require fees, registration and credit card information.

3. Requires compatible devices connected to the same network. Google Cast requires mobile devices with Android 2.3 or higher, or iOS 6.0 or higher and Chromecast application. Google Play using Android TV Remote Control application requires Android 4.0 or higher; not available for iOS. Voice Search is available using an optional Voice Remote (not included), Android TV Remote Control application with Android 4.0 or higher, or using Sony's TV SideView application available for Android 4.0.3 or higher or iOS 7.0 or higher.

4. Logitech Harmony Hub sold separately. Requires all compatible devices connected to the same network. Refer to Logitech for details on compatible devices. Compatible IP cameras require direct connection to the TV via Wi-Fi.

5. Upscaled, simulated and enhanced 4K images will vary based on source content.

6. Requires compatible smartphone or optional Voice Remote (not included).

7. Requires HDR compatible content from supporting streaming services, such as Amazon Video, Netflix or Ultra. Update required for HDR compatibility available December 31, 2016. Internet connection required.
